A Message from the Spoon River Partnership for Economic Development (SRPED)...

On February 8th, 2022 the Fulton County Board members approved a \$700,000 COVID-19 Relief Grant Program (FCSBG) for small businesses and nonprofit organizations across Fulton County.

The FCSBG Program was proposed and administered by the Spoon River Partnership for Economic Development (SRPED). SRPED designed this program to prioritize small businesses and organizations in Fulton County that received little to no assistance from other Federal and State COVID-19 business relief programs.

The FCSBG Program was made possible with the use of American Rescue Plan Act (ARPA) funds that were directed to Non-Entitlement Units (NEU) of local government throughout the State. In Illinois, eligible

NEUs include more than 1,250 cities, towns and villages that each serve a population under 50,000.

In total we received 80 FCSBG program applications. I will be sending of economic impact results and some testimonials from small business owners and organizations in May.

I would like to thank the Fulton County Board Members for their continued commitment to moving the business owners and residents of Fulton County forward. This program has made a very positive impact for business owners and organizations throughout Fulton County, and helped speed up the economic recovery from the pandemic for so many.

**SPOON RIVER
PARTNERSHIP**
for Economic Development

SRPED is dedicated to serving as a catalyst for economic and community development. Our mission is to create community partnerships, business opportunities, and implement programs and projects that foster growth and development.
