## Partnership for Economic Development (SRPED)...

Big things are coming to Canton and Fulton County in 2022! As more projects are set to get underway and planning for Business Development District Programs has started, SRPED, CACC, and Canton Main Street will work together to hold bimonthly meetings for area business owners to attend and learn more about what is going on, what is planned, and what new and exciting projects/events are on the horizon in Canton.

We will be working to send out a save the date for our first event which will be held in late July. The main focus for this first meeting will be on Business Development District #1 in Canton, and an introduction into the direction, and hopeful value for our business owners, that we hope will come from our new bimonthly meetings.

Be on the lookout for the introductory meeting notice and a detailed agenda coming soon. We hope to see you there and we look forward to engaging with our business community in this format soon.

SRPED is dedicated to serving as a catalyst for economic and community development. Our mission is to create community partnerships, business opportunities, and implement programs and projects that foster growth and development.
