\$433 for 1st \$100,000 + \$2.50 for ea. additional \$1,000 or fraction of

For Demolition Permits: All demolition projects must include the proper abandoning of any and all water and sewer services. It is the responsibility of the Permit Holder to be aware of existing water / sewer services into or exiting the structure. The City will provide limited assistance in locating services. The Permit Holder will be responsible for contacting the City prior to backfilling for mandatory inspection. Any devices for the purpose of metering found inside the structure, used for the purpose of metering a City service, must be returned to the City of Canton. Adverse circumstances as a result of noncompliance with these regulations will be at the cost of the Permit Holder or designated contractor/sub.

For Demolition and New Construction Permits: Applicant must present this application to the Canton Water Department for signature before submitting to Planning & Zoning.

The layout shown below represents your lot. The dimensions of your lot, width and depth are required to be shown on the layout. Show the location of existing buildings on the lot, the footage from the four property lines, the location of the proposed building with the footage from the four property lines for the new construction. Also show any street and/or alley adjacent to the property as well as a North arrow. The research and location of all easements (e.g. sewer, electric, telephone, gas, water, etc.) is the responsibility of the property owner.

SKETCH ALL STRUCTURES ON THE PROPERTY WITH DIMENSIONS AND SETBACKS

(IMPORTANT: Setback footage from property lines should be accurate)

I have carefully read this application and understand and agree to abide by all provisions of the City of Canton's Municipal Code and all of the State of Illinois laws. Further, I agree and understand that the permit issued may be revoked without notice on any breach of representation or conditions.

Signature of Owner or Authorized Agent
